

## BENCHMARKING BEST PRACTICES

### TRADE SECRET MANAGEMENT AND PROTECTION BEST PRACTICES

#### *A Study of Trends, Strategies and Best Practices*

The Trade Secret Management and Protection Practices Report is the most comprehensive intellectual property operations practices benchmarking report of its kind. Use this unique report to:

- Help you craft trade secret policies and procedures that reduce risk of trade secret misappropriation and proprietary information leakage.
- Enable you to evaluate your protection practices and identify valuable improvement opportunities.
- Evaluate approaches used for controlling trade secrets and proprietary information conveyance (leakage), loss, and/or misappropriation.
- Assess training program that will improve corporate personnel and stakeholders' trade secret knowledge.

#### **The most comprehensive data on trade secret management practices**

ipPerformance Group has gathered policies and best practices from 26 IP driven companies. This is the most comprehensive proprietary analysis for trade secret and proprietary information protection practices ever collected. Be confident using our guide as the definitive source of benchmarking and best practices data.

#### **Benchmark your company's trade secret & proprietary information practices**

Benchmark your company's trade secret & proprietary information management and protection practices vs. other companies of comparable size and profile in terms of:

- People and departments responsible for trade secrets
- Auditing polices and practices
- Methods for identifying, capturing, and classifying trade secrets
- Training program and methods
- Use of formal processes
- Trade secret management and access to trade secrets
- Employee communications and interviewing (onboarding and exit)
- Executive competency and communication
- Risk assessment procedures

## BENCHMARKING BEST PRACTICES

### More on ipPerformance Group

ipPerformance Group, Inc. ([www.ipperform.com](http://www.ipperform.com)) is the leading Intellectual Property Advisory, enabling companies to apply best practices and measure performance. Drawing on the knowledge of over 550 intellectual property management benchmarks of IP-driven companies, we help our clients solve complex intellectual property business problems and measurably enhance their ability to build value, manage risk and improve performance in an intellectual property–driven world. The following description outlines some of our other offerings.

#### **Custom Analyses**

While benchmarking the peer and internal information, it essential to look at the context of the data and understand factors that can influence a divergence in benchmark results. In addition to our benchmarking activities that enable us to evaluate best practices, we have developed a comprehensive capability maturity model that will allow you to get a true assessment of your program. For more information, please call Rob Williamson at 630-216-9673 ([rwilliamson@ipperform.com](mailto:rwilliamson@ipperform.com)).

#### **Other Benchmark Reports and Best Practice Guides Available:**

- Strategic Intellectual Property Management
- Patent Intelligence (Search and Analytics)
- Inventor Rewards and Recognition Program
- Developing IP Strategies and Performance Measures, Driving Business Results
- IP/Patent Department Operations
- Intellectual Property Training Best Practices
- Intellectual Property Management Guidelines–Standard Operating Procedures and Best Practice Templates
- Intellectual Property Technology Valuation Guidelines

#### **Intellectual Property Management Diagnostic Review**

We are pleased to offer an Intellectual Property Asset Management “diagnostic review” which is a visit from our experienced consultants to give you a more detailed understanding of how your intellectual property program can achieve its objectives. We provide an in-depth review of your operation, identify issues or concerns, and spend the day discussing best practices and improvement opportunities.

#### **Intellectual Property Management Performance Metrics Development**

We can help you develop a measurement program tailored to your unique organizational needs. These programs generally encompass both qualitative and quantitative metrics. We translate and adapt corporate-wide performance measures to the unique characteristics of the intellectual property operation environment.

#### **Intellectual Property “Best-In-Class” Management Reports and Proficiency Indicators**

ipPerformance Group has developed analysis for reports that capture key management information to support both practicing attorneys in their oversight of day-to-day matters and IP law department leaders in their broader role in setting the department’s strategic direction. With this kind of information readily available, intellectual property leaders are better able to communicate in business terms that are meaningful to senior management.
